Letter of Invitation

Dear Colleagues,

The Asia Oceania Federation of Nuclear Medicine and Biology (AOFNMB) and the Korean Society of Nuclear Medicine (KSNM) sincerely invite you to the 11th Asia Oceania Congress of Nuclear Medicine and Biology in conjunction with the 54th Annual Autumn Meeting of the Korean Society of Nuclear Medicine, which will be held from October 31 to November 4, 2015 in Jeju Island, Korea.

The AOCNMB 2015 will be held in conjunction with the KSNM for enhancing exchange and cooperation in the field of nuclear medicine, especially within the Asia and Oceania region, and for the gathering of Nuclear Medicine and Molecular Imaging specialists in sharing their valuable experience and knowledge. We have no doubt that your participation will make the conference more productive.

Korea's largest island, Jeju Island contains the natural World Heritage Site Jeju Volcanic Island and Lava Tubes. An all year round temperate climate, natural scenery, beaches and other splendid attractions make Jeju Island a must-see location for visitors. Hence, we recommend that you visit Jeju Island and take the time to relax and make your stay more enjoyable.

We look forward to seeing you in Jeju, 2015.

Sincerely yours,

Jaetae Lee, President of KSNM

Jun Hatazawa, Chairman of ARCCNM

Henry Hee Seung Bom, President of AOFNMB
